

### Prekindergarten Duplication of Early Learning Services Request

In order to maximize early learning spaces in our communities and effectively meet the early learning needs of children and families, the Good Spirit School Division has established Prekindergarten selection criteria and processes (Form 212-2). The selection criteria and processes optimize the opportunity for children living in vulnerable circumstances in our communities while avoiding duplication of services and funding (*Maximizing Spaces*, SK Ministry of Education, 2020).

In extenuating circumstances, a request for duplication of early learning services can be made to permit 4-year-olds to attend a GSSD Prekindergarten program in addition to another early learning program in the community. Note: students will not be permitted to attend more than one Prekindergarten program.

School teams are required to complete the following form and submit to the Superintendent of Education responsible for Early Learning for approval.
