

Welcome to Canora Junior Elementary School

School Details	
Grade Configuration	PK – 4
Size	1769 m ² (19,041 ft ²)
Original Build Date	1960
Addition(s)	1978 – Gymnasium, Library and various spaces 2012 – Classrooms 27 & 28 and SST Offices
Enrollment – 2022/23	136
Classrooms	10
Gymnasiums	1
PAA, Library, Band and Other	Library and Kitchen/Breakfast Program

ORION SURVEY ENGINEERING
 Main Floor
 1774.3

Main Entrance Area:

The main entrance wall, doors and windows were replaced as part of a project to make the school barrier free. The existing doors were 32" replaced with 36" doors. The previous pictures are of the completed renovation and the one below is previous to construction. A subtle but necessary improvement.

The original classrooms have been through a variety of improvements over the years:

The 2012 addition classrooms of a nice size. They have adequate storage and are heated by classroom ventilators.

The Library is quiet and cozy.

The school has a small gymnasium.

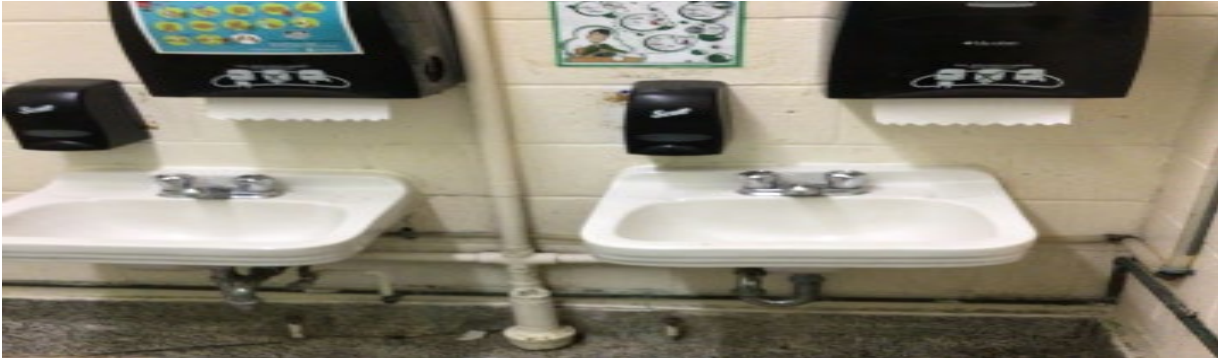

The school has a kitchen that is used for the breakfast program.

The staffroom received a renovation several years ago.

The washrooms in the school function but are in need of updates and improvements.

This summer we moved the PreK program which was based in a separate building on the other side of Canora into CJES. This project scope included a new storage shed, moving the play shed & playground, and moving PreK items into a classroom.

GSDD's vision is learning without limits, achievement for all and I feel everyone involved in the barrier free project lived this vision. The project consisted of renovating a quarter of one classroom to create a barrier free change room, asphalt parking space that is wheelchair friendly, and replacement of the front entrance wall, windows, and doors. We worked with the SST group as well as school staff in planning the project and it was carried out over the summer by our facilities team.

Recently completed projects:

- VOIP Phone System – Work in Progress
- Barrier Free Change Room
- Pre-K Move – Work in Progress

Planned projects:

- Washroom Renovation
- Paint of wood trim in window curtain panels
- Site drainage

Whenever we visit CJES you can feel the personalities of Rod and Kendra throughout the entire school. It is a warm and friendly environment. We enjoy supporting CJES as they always have the best interest of the students within every Facilities request.
